Royals Sport New Look on Field

On Jan. 10, 2002 the Royals unveiled their first major uniform change since 1992 and 6th in club history. The Royals introduced a new black home and road alternate jersey, a new gray, sleeveless road jersey and added black trim in their white home jersey and alternate home blue jersey. In 2003 the Royals will unveil a new white sleeveless jersey with a blue undershirt to serve as the primary home uniform.

Previous to 2002, the last major changes came in 1992 when the Royals powder blue road uniforms were changed to the traditional gray.

The Royals original uniforms were flannel (home whites and road grays) and were worn during the first four seasons (1969-72). Both home and road uniforms sported a blue script "Kansas City" on the chest.

In 1972 the lettering on the front of both uniforms was changed to block capital letters. The team switched to knit uniforms with the move to Royals Stadium for the 1973 season. The knits featured pullover V-Neck tops and trousers without belts, while the road uniforms were powder blue for the first time.

The third change came for the 1978 campaign when the club added the players' last name to the back of the uniform tops.

In 1983 the Royals switched back to tops featuring a button front and added belts to the trousers. That same season the club changed from "Kansas City" block lettering on the front of the road tops to "Royals" and added the players numbers to the front for the first time.

How the Kansas City Royals Were Named:

In 1968, the Kansas City Royals asked the public to submit a name for its new American League franchise. There were no specific rules for the contest, except that the basis of selection would be based on significance to the area, and one that would be suitable for emblematic purposes, as well as appropriate in length for newspapers, radio and TV.

Sanford Porte of Overland Park, Kan., had the winning suggestion out of 17,000 choices. He wrote, "Kansas City's new baseball team should be called the "Royals" because of Missouri's billion dollar livestock income, Kansas City's position as the nation's leading stocker and feeder market and the nationally-known American Royal parade and pageant. The team colors of Royal Blue and white would be in harmony with the state bird, the Bluebird, the state flag, the old Kansas City Blues baseball team and our current hockey team."

Other suggestions included Mules, Steers, Bluebirds, Cowpokes, Studs and Blues. Mr. Porte's prize was an all-expense paid trip for two to the Major League All-Star game in the Houston Astrodome the following July.

Royals Television Network

The inception of the Royals Television Network, L.L.C. prior to the 2003 season marks the beginning of a new era in Royals television broadcasts. The Royals Television Network will distribute at least 100 regular season Royals telecasts to participating cable operators and satellite providers throughout the Royals 6-state television territory (Missouri, Kansas, Nebraska, Iowa, Oklahoma and Arkansas) in order to enhance the Royals regional presence. The 2003 package also includes 2 Spring Training telecasts from the Royals new Spring Training complex in Surprise, Ariz. In addition, KMCI-TV (Channel 38), sister station of KSHB-TV (Channel 41), will broadcast 14 over-the-air games during the season including Opening Day and 13 Sunday day games.

Time Warner Cable became the first cable company to sign on with the Royals and the Royals Television Network, reaching a five-year agreement to carry each of the club's telecasts on all cable systems within the Royals territory. Time Warner Cable systems are located in the greater Kansas City metropolitan area, Lincoln, Neb., and several other communities in Missouri, Kansas, Nebraska, Arkansas and Oklahoma.

Paul Splittorff and Bob Davis will team up to call over 100 Royals games this season on the Royals Television Network

The Royals Broadcast Team

Denny Matthews

Denny Matthews will celebrate his 35th season behind the microphone for the Kansas City Royals in 2003. The "Voice of the Royals" has broadcast exclusively for the same team, without interruption, in 5 different decades. There are fewer than 10 people who have accomplished that feat, all of whom are in the broadcaster's wing of the Baseball Hall of Fame.

Matthews has seen more Royals games than anyone else during his 34 years with KC. He was chosen from more than 300 applicants for the number 2 announcer position alongside Bud Blattner prior to the Royals initial season in 1969, before taking over the number 1 job following the 1975 season. He teamed with Fred White on the Royals Radio Network from 1974-1998 before Ryan Lefebvre joined him in the booth in 1999.

The veteran broadcaster has also lent his play-by-play skills to the CBS Radio Network during portions of the regular season and during the 1982 and 1985 World Series.

Matthews graduated from Central Catholic High School in Bloomington, Ill., and was inducted into the school's Hall of Fame in August, 2001. He is a 1966 graduate of Illinois Wesleyan where he lettered in football and baseball for 3 years and finished 8th in the nation (NAIA) in pass receiving in 1965.

Prior to joining the Royals, Matthews worked for WMBD-TV and radio and KMOX-TV. His brother, Mike, is the radio analyst for Illinois State University basketball. Matthews, an avid collector of sports publications, enjoys playing golf and hockey. He resides in Leawood, Kan.

Ryan Lefebvre

Ryan Lefebvre, 32, begins his 5th season as a Royals radio broadcaster and his 9th season in the Major League booth. He spent 4 seasons as a broadcaster for the Minnesota Twins after being hired at the age of 24, one year after graduating from college. He worked both television and radio for the Twins and broadcast University of Minnesota football, hockey and volleyball.

The Los Angeles native graduated from Loyola High School in 1989 and began his broadcasting career as a freshman at the University of Minnesota at KUOM radio. He graduated from the University of Minnesota in 1994 where he was a 3-time All-Big Ten selection in baseball and established school records for hits, triples and at-bats. He was drafted in the 27th round of the 1993 June Free Agent Draft by the Cleveland Indians and played one season in the New York-Penn League.

Lefebrve is the son of former big league player and manager Jim Lefebvre. He is also actively involved with Kansas City community activities and the Gloves for Kids program that raises money to provide quality big league gloves to underpriviledged children. He resides in Lake Winnebago, Mo.

Don Free

Don Free will begin his 18th year as the producer/engineer of the Royals radio broadcasts. Free worked for Stauffer-Morris for 31 years, spending the first 18 years at WIBW-TV in Topeka before working for the radio network. He has worked for Entercom the last 6 years, including work in the offseason as an engineer at KMBZ, and also does freelance engineer work on area college football and basketball games.

Free resides in Topeka, Kan., with his wife, Sandy. He has 2 daughters, Kristin and Jennifer, a grandson, Zane and a granddaughter, Taylor.

The Royals Broadcast Team

Bob Davis

Bob Davis, a 9-time winner of the Kansas Sportscaster of the Year award, enters his 7th season as the play-by-play voice of the Royals Television Network. In addition to his work with the Royals, Davis has been the voice of the Kansas Jayhawks for the past 19 years and serves as the morning sports anchor for KMBZ-Radio. Prior to his stint with the Jayhawks, Davis spent 16 years announcing Fort Hays State University games, earning a spot in the school's Athletic Hall of Fame. George Brett - #5

Third Baseman, 1973-1993

George Brett wrapped up a 21-year Hall of Fame career with the Royals in 1993 after establishing himself as one of the greatest baseball players to ever play the game.

He became the only Royal and just the 11th 3rd baseman to be inducted into the Hall of Fame on July 25, 1999 after receiving 98 percent of the votes, the 4th-highest mark in history. He had his number retired by the Royals May 14, 1994.

At the conclusion of Brett's career, he was the only player in Major League history to amass more than 3,000 hits, 300 home runs, 600 doubles, 100 triples and 200 stolen bases. He was the first player to win batting titles in 3 decades (1976, 1980, 1990) and retired as the A.L. career record holder for most intentional walks (229).

A 13-time All-Star, Brett is the club's all-time leader in every offensive category except stolen bases. He was an American League MVP in 1980, finished as the MVP runner up in 1976 and 1985, was a Gold Glove Award winner in 1985, and was crowned the Royals Player of the Year eight times.

Brett hit .390 in his MVP season, posting the highest batting average since Ted Williams' .406 mark in 1941.

Born May 15, 1953 in Wheeling, W.V., he captivated the baseball world with his performance in the 1985 ALCS and World Series, earning ALCS MVP honors after the Royals rallied from a 3 games to 1 deficit against the Toronto Blue Jays.

Brett posted a .373 World Series average, going 19-for-51 in 13 games, with 3 doubles, 1 triple, 1 home run and 4 RBI. He holds numerous ALCS records after recording a career batting average of .340 in the league championship.

He culminated his career with his 3,000th hit on Sept. 30, 1992. Overall, he guided the Royals to seven postseasons and two World Series. During his 21-year career with the Royals, Kansas City posted 15 winning seasons, including 8 seasons with at least 90 wins.

- Voted ALCS MVP in 1980

Hall of Famer Bill Mazeroski (8), Ryne Sandberg (9) and Roberto Alomar (10) are the only 2nd baseman in Major League history to accomplish the same feat. His number 20 was retired and he was inducted into the Royals Hall of Fame in 1995.

He was selected to the All-Star team 5 times and earned the starting nod at 2nd base in 1979. White, who ranks 7th in career fielding percentage among all-time 2nd baseman, was named the Royals Player of the Year in 1983 and 1986.

A native of Kansas City, White was tabbed as the ALCS MVP in 1980 after hitting .545 (6-for-11) and driving in 3 runs to lead Kansas City to its first-ever World Series by defeating the New York Yankees.

In the Royals 1985 World Series, White led all players with 6 RBI, hitting 3 doubles and a home run as KC rallied from a 3 games to 1 deficit to beat St. Louis.

Following his career-best 1986 season, White was selected to the Major League All-Star team that toured Japan in the offseason. He was also named to *The Sporting News* Silver Slugger Team.

The Royals 1st-ever graduate of the experimental Royals Academy, White ranks 2nd on the club's career charts in games (2,324), at bats (7,859) and hits (2,006). He also stands in the top 5 in career runs, doubles, home runs, stolen bases, total bases, and extra base hits. He also hit 3 inside-the park home runs during his playing career with the Royals.

White was honored with the Ernie Mehl Award for his contribution to the Kansas City community in 1988.

- Managed Royals during only World Series title season (1985)
- Ranks 2nd in Royals history with 404 wins as Royals manager
- Directed Royals to 3 division titles

- ESPN Manager of the Year in 1984
- Named to 1961 All-Star Team

Dick Howser managed the Royals from Aug. 31, 1981 to Feb. 23, 1987 before losing a courageous battle to cancer on June 17, 1987. During Howser's regime, the Royals won 3 division titles and a World Championship in 1985. His uniform number 10 was the 1st number retired by the Royals.

One of Major League Baseball's most successful and popular managers, he compiled a 404-365 record (.525) while guiding the Royals.

He guided the club in 1 of the most remarkable and endearing comebacks in Major League postseason history, defeating Toronto in the ALCS and St. Louis to win the 1985 World Series. His skills and ability to maneuver the lineup and roster played an important role in the club's success, as he capitalized on a strong starting pitching staff and maximized an offense that ranked 13th in average and runs scored.

Howser's World Series season was quite an encore for a manager who was named the ESPN Manager of the Year and finished second in the Baseball Writer's Manager of the Year balloting in 1984. His 1984 edition was hampered by injuries throughout the year as his starting lineup was together for only 50 of the 162 games. Despite the injuries, he guided the Royals from a 6th-place standing and a 40-51 record on July 18, to capture the A.L. West crown by compiling an astonishing 44-25 record over the last 10 weeks.

Overall, he compiled a 507-425 (.544) record at the big league level after guiding the New York Yankees to 103 wins in 1980, becoming just the 4th manager in baseball to win 100 games in his 1st year.

Howser began his professional career after twice earning All-America honors at Florida State. The 1961 *Sporting News* Rookie of the Year with the Kansas City A's, he was a member of the 1961 All-Star team and enjoyed an 8-year Major League playing career.

1985 World Series vs. St. Louis Cardinals

Kansas City rallied from a 2-games to 0 and a 3-games to 1 deficit to capture their 1st World Championship by defeating the St. Louis Cardinals in the "I-70 Series"...the Royals became the 1st club in the 82-year history of the Fall Classic to lose their first 2 games at home and come back to win the title...KC was only the 5th team on record to come back from a 3-1 deficit and win the Series...the Royals became the first AL expansion club to win a World Championship and the 2nd expansion team overall, joining the New York Mets...KC's talented and youthful pitching staff held the Major League's best hitting club to 13 runs and a batting average of .185—the lowest ever in a 7-game World Series...George Brett, Willie Wilson, Lonnie Smith and Steve Balboni all hit over .300 during the Series...Bret Saberhagen earned Most Valuable Player honors with 2 wins and a 0.50 ERA.

Game 1 • at Kansas City • Saturday, Oct. 19
John Tudor and Todd Worrell combined on an 8-hitter...the Cardinals turned a leadoff walk and a 1-out ground out in the 3rd inning into their 1st run, a Cesar Cedeno run-scoring double in the 4th and then a misplayed line drive by Lonnie Smith into the final run in the 9th...the Royals tried a suicide squeeze (Buddy Biancalana failed to connect) and Darryl Motley was out at the plate...they tried scoring Jim Sundberg from 3rd on a Steve Balboni pop up, but Terry Pendleton made an over-the-shoulder catch and a perfect throw to the plate.

Tito Landrum and Willie McGee each hit bases-empty home runs to back John Tudor's 2nd consecutive brilliant outing to give the Cards a 3-1 advantage in the series...in addition to the home runs, KC starter Buddy Black was victimized by a squeeze play on a full-count to Tom Nieto, who laid the bunt down scoring Terry Pendleton who had tripled...Tudor, meanwhile, tossed but 106 pitches.

Danny Jackson stuffed a cork in the Cardinals offense and their celebration hopes with a 5-hitter and Willie Wilson keyed an early Royals uprising to force the Series westward via I-70...D.J. retired the Redbirds in order 5 times...Wilson stroked a 2-run triple to highlight a 3-run 2nd inning that sent Cardinal starter Bob Forsch to the showers...the St. Louis bullpen shutdown the Royals until the 8th and 9th when KC scored single runs.

For the first time in the '85 season the Cardinals did not win a game when they led entering the 9th...St. Louis went into the 9th with a 1-0 lead thanks to a bloop run-scoring single by Brian Harper...having guarded all of their previous 88 9th-inning leads, the Cardinals fell prey to a little bit of fate and Iorg's timely 2-run single...a controversial call at 1st, a misplayed pop up by Jack Clark, a passed ball by Darrell Porter, an intentional walk to Hal McRae and Dane Iorg's 1-out dramatic hit to right and the Royals were winners.

Bret Saberhagen tossed a 5-hitter, Darryl Motley blasted a 2-run homer and the Royals beat the Cardinals climaxing one of the greatest comebacks in World Series play...it was the 3rd-highest run total and most lopsided victory in the 176 games KC played during the season...John Tudor suffered his earliest exit of the season...the Royals tied a Series record by scoring 6 times in the 5th, Whitey Herzog and Joaquin Andujar were ejected and the Cards tied a Series mark by using 5 pitchers in the inning.

No-Hitter Summaries

Steve Busby, Jim Colborn and Bret Saberhagen are the only pitchers in Royals history to have hurled no-hitters.

Busby accomplished the feat on 2 occasions, the first coming at Tiger Stadium when he held Detroit hitless on April 27, 1973. He gave up 6 walks and struck out 4 as Kansas City won 3-0. His 2nd gem also came on the road on June 19, 1974 at Milwaukee's County Stadium where he blanked the Brewers, 2-0. It was in near perfect fashion as the only baserunner was George Scott, who walked to lead off the 2nd inning.

Colborn recorded the 1st no-hitter by a Kansas City pitcher in Kauffman Stadium on May 14, 1977, when he blanked the Texas Rangers, 6-0. It too was nearly a perfect outing as Colborn walked one batter and hit another while facing only 28 batters.

Saberhagen recorded his gem in Kauffman Stadium vs. the Chicago White Sox on August 26, 1991. He walked 2 and fanned 5.

California Angels ace Nolan Ryan recorded the 1st no-hitter in Kauffman Stadium on May 15, 1973. He struck out 12 and allowed only 3 base runners, all walks, in the 3-0 win, his 1st career no-hitter.

Media Tickets on a limited basis are available for sports and news personnel and must be requested by **2 p.m. the previous day**. For Saturday, Sunday and Monday games, the deadline is 2 p.m. the previous Friday. Requests for media tickets should be directed to Chris Stathos, Manager - Broadcast & Media Services, and may be picked up the day of the game at the Guest Ticket Window, also located on the south side of the stadium. The window opens 1 1/2 hours prior to the game. After picking up media tickets you should enter Kauffman Stadium through the press gate located on the south side adjacent to the main lobby. The Royals Media Relations Department and the press box are located on level 4, the parking lot is on level 3 and the clubhouses and field on level 1.

The **Press Box** is located on level 4 at Kauffman Stadium. Space is available for accredited members of the media on assignment only. The lower level is reserved for writers and radio broadcasters. The upper level is divided into individual broadcast booths for live coverage by television networks. Seats in the lower level will be assigned with members of the BBWAA in the front row. Other media will be assigned to row 2 and booths on the east side of the lower level. The press box also includes a writer's workroom.

The **Press Room** is located adjacent to the press box for a pregame meal ($8.00 charge) and refreshments and is open for the media with appropriate credentials approximately 2 hours prior to the game and 2 hours and 30 minutes prior to the game when the Royals Television Network televises the contest. Complete NOTES, STATISTICAL INFORMATION and LINEUPS are available approximately two hours prior to the game in the press box area.

Interview periods are arranged prior to and following Royals games through the Royals Media Relations Department.

Pregame: The manager, coaches and players are generally accessible during pregame on the field, in the dugout and in the clubhouse. Players are not available during stretching, and pregame interviews should not interfere with the players specific game preparations. **Manager Tony Pena** is available to the media before games in the Royals dugout, usually around 4 p.m. prior to 7:05 p.m. games. He may also be available before the clubhouse opens upon special request through the Media Relations Department. We request that reporters and broadcasters leave the field and dugout area when infield practice begins and that photographers report to their assigned photo positions.

Manager Postgame: The Royals will conduct a postgame interview for the manager in the interview room on Level 1 immediately following each Royals home game. The postgame interview room is specifically designed for, but not limited to, the electronic media. This is the only area where the electronic media may interview the manager postgame. There will be no postgame radio or TV interviews allowed in the manager's office. Postgame interviews with all personnel should generally be related to the game.

The Royals Clubhouse will be open to the media with clubhouse credentials for a period of 3 1/2 hours prior to game time until 45 minutes prior to the game. For postgame interviews, the clubhouse will open approximately 10 minutes following the game. The Royals clubhouse will be closed between games of a doubleheader. There will be occasions when the Royals may request the clubhouse be cleared for team meetings and we ask your cooperation at these times. The player's lounge, training room and conditioning areas are closed to everyone except players and Royals officials. The dugout is off limits in accordance with American League rules during the game to everyone except the manager, coaches, players and certain club officials. Still photographers are not permitted in the clubhouse.

Photographers will be assigned to photo bays on the field at either end of each dugout or the bay located in the main press box. Photographers in the dugout field boxes should leave between innings only. Photos are allowed during batting practice, but photographers should remain in foul territory in the area behind the first and third base bags. Photographers should assume their assigned positions at the conclusion of batting practice.

Kauffman Stadium

Ewing M. Kauffman

Adding age to its beauty, the Kansas City Royals will celebrate their 31st season at Kauffman Stadium in 2003.

Opened as Royals Stadium on April 10, 1973, it is recognized throughout baseball as one of the game's most beautiful ballparks. Since then, many exciting games have been contested, including the 1973 All-Star Game, 3 no-hitters, playoff games in 1976, '77, '78, '80, '81, '84 and '85 and 7 World Series tilts in 1980 and 1985. The facility was officially re-named in honor of Ewing M. Kauffman in a ceremony at the stadium on July 2, 1993. Since its opening, a total of 54,385,440 people have visited the stadium, including a record 2,477,700 in 1989.

Kauffman Stadium's unique features include a 12-story high scoreboard and a 322-foot wide water spectacular. The scoreboard contains 16,320 light bulbs, most of them on the 40 by 60 foot screen. The water spectacular is the largest privately funded fountain in the world.

Added in 1990 was a state-of-the-art Sony JumboTron color video display board installed on the left field hillside. Measuring 30 by 40 feet, it's one of the largest video boards in the U.S. The top of the board features the Royals logo. In keeping with the architecture of the stadium, the existing water spectacular featuring cascading water now extends to the left field corner.

A grass playing field replaced the artificial surface at Kauffman Stadium prior to the 1995 season. The fences were also moved in 10 feet from bullpen to bullpen at that time and lowered from 12 feet to 9 feet.

Prior to the 1999 campaign, additional field level seating, known as "Crown Seats" and four dugout suites were added to enhance the stadium. Prior to the 2000 season the Picnic Pavilion was added near the base of the JumboTron in leftfield for groups attending the games.

The re-naming of the stadium was appropriate in that it was the strength and integrity of Ewing M. Kauffman's ownership that provided the cornerstone for the Royals success. Kauffman purchased the club as an expansion franchise in 1968 with the primary and continuous motivation of providing winning Major League Baseball for Kansas Citians. Kauffman, who founded Marion Laboratories in his mother's basement and built it into a diversified health care company with sales reaching nearly one billion dollars, possessed a sense of daring and an innate ability to motivate those around him. The club's even-handed philosophy bears the Kauffman stamp. Mr. K also gave much personal attention to the Kansas City community, an important philosophy that was inbred into the Royals organization and still remains today.

Among the awards Mr. Kauffman won for his leadership include the Kansas City Press Club's 1973 Man of the Year, the "Mr. Baseball" honoree at the Kansas City Baseball Awards Dinner in 1976 and 1991 and induction into the Missouri Sports Hall of Fame. He also received the Horatio Alger Award, the Golden Plate Award from the American Academy of Achievement, the Kansas City Chamber of Commerce "Kansas Citian of the Year" Award and the Distinguished Service Award from the American Legion. Mr. K passed away on Aug. 1, 1993.

Baseball Rules/Terminology

Definition of a Night Game: Any game scheduled to start after 6 p.m. will be considered a night game. If a game is scheduled to start at 6 p.m. and is delayed by rain, or for any other reason, it will be considered a day game. If a game is scheduled to start at 6:01 p.m. it will be considered a night game. Twi-night doubleheaders shall be included in doubleheader statistics and shall be considered two night games. When afternoon and night games are played on the same date with separate admissions, the games shall be day and night and count as single games.

Designated for Assignment: Allows a club to open up a roster spot while waiting for a player to clear waivers, which can take up to 10 days.

Designated Hitter Rule: A hitter may be designated to bat for the pitcher in any spot in the batting order in any game without affecting the status of the pitcher. The designated hitter must be selected and be included on the lineup cards presented to the umpire-in-chief prior to the game. Failure to do so precludes the use of a designated hitter for that game. The designated hitter is "locked" into the batting order but may be removed for a pinch-hitter or pinch-runner, who in turn becomes the designated hitter. The designated hitter, while still in the game, may be used defensively but the pitcher then assumes the batting order of the replaced defensive player, thus terminating the designated hitter role. The designated hitter is eligible for all American League batting titles.

Disabled List: There are two disabled lists (15-day and 60-day). Players can be disabled retroactively, up to a maximum of 10 days, beginning with the day after the last day on which they played. A player on the 15-day DL may be shifted to the 60-day DL at any time. Players may be assigned to a Minor League club for the purpose of injury rehabilitation for a maximum of 20 days (30 days for pitchers).

Figuring Magic Number: To determine a team's "Magic Number" in the pennant race, compute the number of games remaining, add one, then subtract the number of games ahead in the loss column of the standings of the closest opponent.

Major League Trading Regulations
The trading deadline for all inter- and intra-league deals is midnight July 31. Waivers are required for all inter- and intra-league deals from August 1 until 5:00 p.m. (EDT) the day after the regular season concludes. No waivers are required the remaining 10 months of the year.

Options: When a player is on the 40-man roster but not on the 25-man Major League roster, he is on "optional assignment." Each player has three option years and he can be sent up and down as many times as the club chooses within those three seasons. When a player is "out of options" that means he's been in the majors during three different seasons and in his fourth professional season, to be sent down, he will have to clear waivers.

Outright: To assign a player to a club's Minor League affiliate without the right of recall. Player is removed from the 40-man roster.

Pinch Hitter Rule: A player shall be considered a pinch hitter only if he enters the game as a substitute batter and then only on his first time at bat which must be before he becomes a fielder. (If the team bats around and a pinch hitter comes up a second time in the inning in which he first appeared, he will not be considered a pinch hitter during that second time up).
A substitute hitter for a designated hitter is both a pinch hitter and a designated hitter on his first time at bat. On subsequent trips to the plate he is a designated hitter only.

Recalled vs. Contract Purchased: If a player is on the 40-man roster he is "recalled." If not, then his contract is purchased (for a nominal fee) from the Minor League team. A player must be added to the 40-man roster when his contract is purchased.

Roster Limitations: Rosters are limited to 25 players from Opening Day through August 31 and 40 players from September 1 through the conclusion of the season. Players in military service do not count against the under control list while on active duty. Upon separation from the service, a player will be reinstated to his club's normal player limits after he has completed a 15-day trial period or has participated in a championship game, whichever comes first.

Rookie Qualifications: A player shall be considered a rookie unless, during a previous season or seasons, he has: a. exceeded 130 at-bats or 50 innings pitched in the major leagues; nor b. accumulated more than 45 days on the active roster of a major league club or clubs during the period of the 25-player limit (excluding time in military service). Once a player reaches the minimum at-bats or innings pitched, days of service are irrelevant.

Baseball Rules/Terminology

Rule 5 Draft: A player not on the Major League 40-man roster is eligible for the Rule 5 Draft in December if: 1. The player was 18 or younger when he signed a pro contract and this is the fourth Rule 5 Draft since he signed; or 2. He was 19 or older when he first signed a pro contract and this is the third Rule 5 Draft since he signed.

Save Rule: Saves shall be awarded to relief pitchers under the following criteria: Rule (10.20) tells the official scorer to credit a pitcher with a save when he meets all three of the following conditions: 1. He is the finishing pitcher in a game won by his club; 2. He is not the winning pitcher; and 3. He qualifies under one of the following conditions: a. He enters the game with a lead of no more than three runs and pitches for at least one inning; or b. He enters the game with the potential tying run either on base, or at bat, or on deck (that is, the potential tying run is either already on base or is one of the first two batsmen he faces); or c. He pitches effectively for at least three innings.

Select: To add a player from a Minor League affiliate to the club's 40-man roster. During the season, the player must report to the active 25-man roster or be assigned optionally to the Minor Leagues.

Suspended Game Rule: A game terminated for any of the following reasons will be a suspended game if it has progressed far enough to be an official game (i.e. 4 1/2 or 5 innings): 1. A curfew imposed by law; 2. A pre-arranged time limit; and 3. Darkness where local law prohibits turning on the lights or where lights are not available.

Light Failure: A game terminated by light failure or malfunction of a mechanical device under the control of the home club will be a suspended game **anytime after it starts**.

Inning in Progress (Added in 1980): If weather forces the termination of a legal game while an inning is in progress, it will become a suspended game if either of the following conditions exists: 1. The **visiting team** has scored one or more runs to tie the game, and the **home team** has not scored; 2. The **visiting team** has scored one or more runs to take the lead and the **home team** has not tied the score or retaken the lead.

Note: If a legal game is **tied** when called because of weather and neither of the above situations prevails, it is a **tie game** and must be **replayed in its entirety**.

Procedures for Resumption of Play: Suspended games shall be resumed at the exact point of suspension immediately preceding the next single game between the 2 clubs on the **same ground**. If that is not possible, other provisions for resumption are specified in A.L. Regulation 5.2 (c).

Umpire Interview Policy: Major League umpires shall cooperate with the news media concerning controversial plays, protested games and unusual incidents, ejections, etc. Any unusual play should be explained to the press box, usually between innings. Umpires are available for post game interviews relative to unusual or controversial happenings. The senior umpire is in charge of such interviews and will act as a spokesman for the "crew."

Waivers: If a player placed on Major League waivers is not claimed by another team within three business days after waivers have been requested, then the player has "cleared waivers", and the team has secured waivers for the remainder of the waiver period. The team then can do one of three things: 1. Send him to the minors (subject to his consent, if he is a "Veteran Player"); 2. Release him, which makes the player a free agent and thus available to sign with any team; and 3. Trade him to another team, even if the trading deadline has passed.

Note: Any trades after July 31 may only involve players who have cleared waivers. If a player does not clear waivers (claimed by another team or teams), the club requesting waivers may withdraw the waiver request. If the club does not withdraw the waiver request, the player's contract is assigned in the following manner: 1. If only one claim is entered, the player's contract is assigned to that claiming club; 2. If more than one club in the same league makes claims, the club currently lower in the standings gets the player; and 3. If clubs in both leagues claim the player, preferences shall always go to the club in the same league as the club requesting waivers.

Batting Average—divide the total number of safe hits **by** the total times at bat.
Slugging Percentage—divide the total bases of all safe hits **by** the total times at bat.
Pitchers Earned Run Average—multiply the total earned runs **by** 9, and **divide** the result **by** the total number of innings pitched.
Fielding Percentage—divide the total putouts and assists **by** the total putouts, assists and errors.
Won-Loss Percentage—divide the number of games won **by** the total games won and lost.
On-Base Percentage—divide hits plus total bases on balls plus hit-by-pitcher **by** at-bats plus total bases on balls, hit-by-pitcher and sacrifice flies (for purposes of this percentage ignore being awarded first base on interference or obstruction).

2003 Spring Training Home

The Royals 35th Spring Training season in club history is its first-ever outside the state of Florida, as the Royals move their spring camp to Surprise, Ariz., for the 2003 spring season.

The Royals and Texas Rangers share a $48 million, 10,500-seat multi-purpose Recreation and Major League Spring Training Campus on land owned by the City of Surprise. In addition, the city will use the facilities for adult and youth recreation programs, community events and programs, special events and meeting facilities.

The Royals and Texas Rangers will share a new $48 million multi-purpose recreation/sports complex in Surprise, Ariz., in 2003.

The stadium/amphitheater complex and baseball practice fields have been incorporated into a master-planned municipal center, including administrative offices, recreation/aquatic center, 23,000-square-foot library, and 35-40 acre passive park.

Surprise is approximately 35 minutes Northwest of Phoenix, past Sun City West off Highway 60. The complex is located on 125 acres in the vicinity of Bullard Avenue and Greenway Road.

HOK Sport, an internationally renowned Kansas City architectural firm devoted to creating exceptional sports facilities, was designated to design the facility.

Groundbreaking took place with Hall of Famers George Brett and Nolan Ryan in attendance on May 21, 2001. The facility was dedicated during a special ceremony and community celebration attended by members of the Royals and Rangers on Dec. 7, 2002.

The club's 30-game spring schedule features 14 home games at the new stadium. The Royals will also face the Rangers as the visiting team in 3 additional games at Surprise Stadium.
